

CA FOSTER YOUTH BILL OF RIGHTS

20th Anniversary Celebration!

Join the California Office of the Foster Care Ombudsman and California Department of Social Services as we celebrate the 20th Anniversary of the Foster Youth Bill of Rights. We will be honoring those who have supported 20 years of Foster Youth Bill of Rights and recognizing the importance of their role.

We will also hear from the California Foster Care Ombudsman's Office to learn the history of the creation of the Foster Youth Bill of Rights and hear from former foster youth on how it impacted their experience in care. In addition, we will be having a series of breakout sessions that will give participants the opportunity to learn more about foster youth rights!
