# Training Youth, Saving Lives

Spend a half day at the free Ford Driving Skills for Life clinic for newly licensed or permitted drivers.

Now in its 20th year, Ford Driving Skills for Life provides skills beyond those taught in traditional drivers education courses and is an important step in keeping everyone on the roads safer. Ford Motor Company Fund, the philanthropic arm of Ford, and the Governors Highway Safety Association (GHSA) are hosting the event, which pairs new drivers with professional instructors, focusing on mobility issues and important driving skills, including:

- Hazard Recognition
- Vehicle Handling
- Speed and Space Management
- Reaction Time
- Avoiding the Dangers of Distracted and Impaired Driving
- Safe Smart Mobility

The free training program is conducted on a closed course. Vehicles used during the training will be provided.
