

ATTENTION DPSS CUSTOMERS:

The **FEDERAL GOVERNMENT SHUTDOWN** could affect your benefits!

The following programs have been impacted by the federal government shutdown that began on October 1st, 2025. Here's what you need to know:

CalFresh

- If the government shutdown continues, your November CalFresh benefits may not be issued. You can keep using your EBT card with your existing CalFresh benefits as usual. We understand this is a difficult situation and will share more information about your November CalFresh benefits as soon as the government reopens.

CalWORKs

- CalWORKs (TANF) benefits will be provided through December 31, 2025.

Medi-Cal

- While no immediate disruptions to Medi-Cal are expected, an extended federal shutdown lasting past December 2025 could impact the program.

We encourage you to visit your local food pantry for assistance. For a list of locations, please visit LAFoodBank.org or contact 211 by dialing 2-1-1 or visiting www.211la.org.
