YouthBuild Charter School of California is a unique charter school that provides young adults at **CCEO YouthBuild** with an alternative to traditional school environments. YouthBuild Charter provides a free project-based high school curriculum for students to fulfill their credits toward a high school diploma.

YouthBuild Charter School is a place for young people who dropped out, aged out, or were failed by the traditional school system to find an education that is more relevant to their goals, talents, and daily lives.
